## The True Secret of Beautiful Hair

A. J. Bockwell. Commander Ellington and W. C. Cole, of Camp Ashe, made brief talks of appreciation of the spirit and courtesy of the local chapter of the Daughters of the Confederacy.

(Amy Lester in World Magazine.)

A famous French actress—well known in America—recently stated in an interview: "Nearly overy woman knows the excellent results that follow dry shampooing, but too many depend upon orris root alone to keep the hair and scalp in good condition. Orris root will not grow hair.

The best dry shampoo I know is made by mixing 4 ounces of powdered therox and 4 ounces of orris root. Sprinkle a little of this mixture upon the head and brush it thoroughly through the hair. The true secret of a successful dry shampoo is to distribute the orris root and therox through the hair evenly; use a sifter top can if you have it. Then don't spare the brush.
